SUMMER INTERNSHIP DETAILS

April 2014 - June 2014

ICICI Prudential Asset Management Company

Objectives:

- To analyze the special scheme features and value added services offered by the different AMCs in India
- To study the awareness levels of distributors regarding various value added services offered by the company

Deliverables:

- Identified the value added services and schemes offered by the company
- Generated insights and visible gaps in the currently offered services by the company vis-à-vis the mutual fund industry
- Strengthened existing relationships with distributors by interviewing and surveying them about their knowledge of the special scheme features and value added services.
- Organized a distributor awareness workshop which was attended by 270 distributors in Delhi.
