The parent companies must meet the following criteria: Market Capitalization greater than US\$ 500 million, and past 3-month ADT less than US\$ 1 million.

After applying the initial universe and the security type check:

- If there are still fewer than 20 index constituents, the parent companies of proposed YieldCos will be included in the index (based on the anticipated listing date of the YieldCos if available, otherwise, this would be based on the date on which these parent companies file the prospectus for spinning off their YieldCos).
- If a parent company is a part of the index, and its corresponding YieldCos gets listed, the listed YieldCos will replace the parent entity in the subsequent rebalance period.

1.4 FINAL COMPOSITION
